Superintendent's Highlights

Potlatch School District worked all year long to establish its first negotiations agreement with the Potlatch Education Association. Progress has been made.

At the elementary, the new heating system is in place and the project is almost complete. The coal furnace and boiler are gone and propane is providing clean, dry warmth for the whole building. Moisture and mold issues have disappeared. Everyone is pleased with the results.

At the secondary, there has been extensive travel to various state competitions. Both academic and athletic teams have had an excellent year and many have made strong showings at the state level of competition.

Progress Towards Meeting District Goals

2002-03 Goals

Progress

Potlatch School District continues to work toward a computerized ISAT program.

This year, we moved from pencil and paper to computers for ISAT at both elementary and secondary levels. However, the business teacher had to move out of her room during the tests. Our next goal will be to provide the tests without disrupting business education.

Potlatch School District is making steady progress on Achievement Standards Implementation.

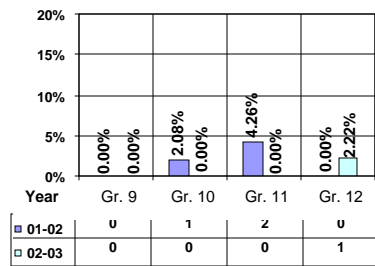

Teachers have worked across the year to map the curriculum, which was aligned last year. They are also working to establish continuity from the elementary to the secondary.

Academic Assessments 2002-03

Percent of Students
Proficient/Advanced

Idaho Standards Achievement Tests (ISAT) Spring 2003

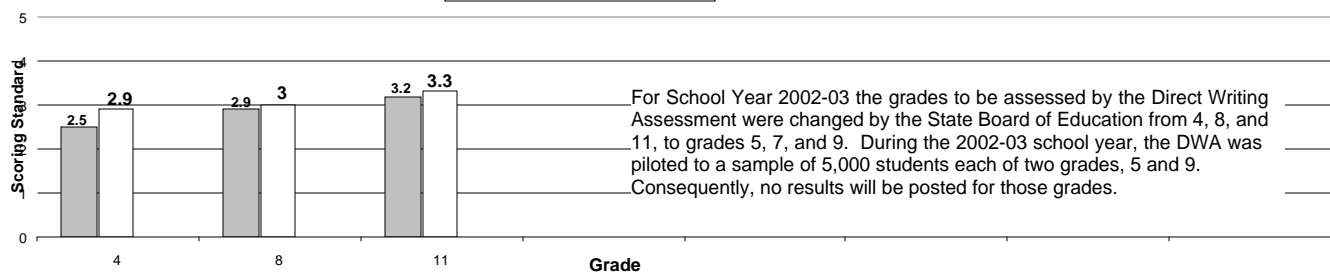

■ Reading □ Mathematics ■ Language

In order to meet the terms of the compliance agreement with the U.S. Department of Education and the requirements of No Child Left Behind, the 2003 Spring ISAT administration assessed students in grades 4, 8, and 10, in the areas of reading, language arts, and mathematics. Additional grade levels will be assessed in each of the next two years in order to be in complete compliance by 2005.

Direct Writing Assessment

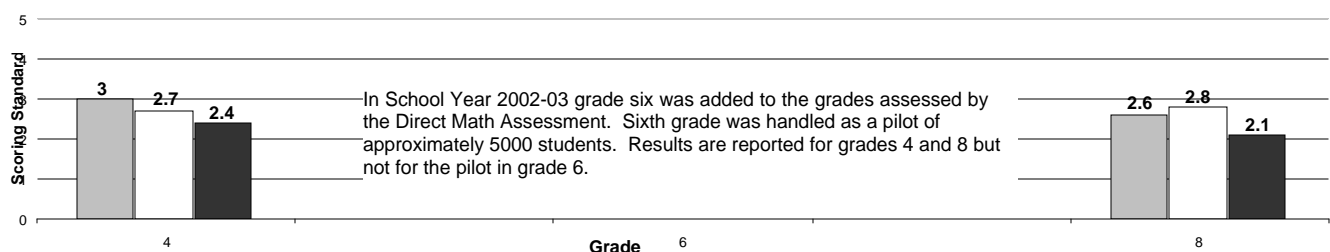

■ 2000-01 □ 2001-02

For School Year 2002-03 the grades to be assessed by the Direct Writing Assessment were changed by the State Board of Education from 4, 8, and 11, to grades 5, 7, and 9. During the 2002-03 school year, the DWA was piloted to a sample of 5,000 students each of two grades, 5 and 9. Consequently, no results will be posted for those grades.

Direct Math Assessment

■ 2000-01 □ 2001-02 ■ 2002-03

In School Year 2002-03 grade six was added to the grades assessed by the Direct Math Assessment. Sixth grade was handled as a pilot of approximately 5000 students. Results are reported for grades 4 and 8 but not for the pilot in grade 6.

Scoring Standard: 5 = Advanced, 4 = Proficient, 3 = Satisfactory, 2 = Developing, 1 = Minimal
